

# Gloversville Public Library Presents

## Carol Parenzan Smalley

**SPLASH! into New York State Water Science**

**Wednesday August 11, 2010 at 5:00 PM**

---

**In this 90 minute program, children will...**

- Experience water with their senses
- Perform auditory rain-making activity while learning the importance of water to all living things
- Croak with the frogs (including wood frog, the NYS amphibian) while creating their own musical notation system to record the sounds of nature
- Explore the physics of water by devising a musical xylophone (to accompany the frogs)
- Capture a moment of water time using haiku (based on the River of Words poetry project)
- Experiment with Gyotaku, the Japanese art of fish printing
